Senior Designer, Wondr Medical

I had the pleasure of working with Alfie during my time at Wondr Medical, where he joined our department as our second designer, and I couldn't have asked for a better person to support our team. Even though it was his first design role, he excelled from day one — always motivated, eager to learn, and ready for new challenges. His curiosity and openness to exploring new tools and approaches were truly impressive. Alfie was also an outstanding team player, stepping in to support other teams whenever needed and earning recognition across the company, even for tasks beyond his role. Mentoring such a kind and driven designer was a true privilege, and I'm certain he will bring the same enthusiasm and dedication to any team fortunate enough to have him.
